Self Install

FMT100 Commercial Tracker

INSTALLING HARD WIRED GPS TRACKERS

Your Self-Install GPS Tracker has arrived! This revolutionary little device is designed for simple fitting by anyone with minimal technical capability. It simply needs attaching to any 12V permanent live with the **RED** terminal. The **BLACK** terminal needs to go to ground.

Both lights need to be flashing for the device to operate. Download the TruTrak App from the App/Play store. Your username is your email, select forgotten password to set up the account access. You can do this from www.westfieldtrutrak.com on a PC or Mac.

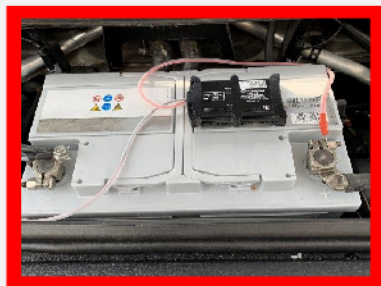

STEP 1 - LOCATE THE BATTERY

STEP 2 - CONNECT THE TERMINALS

STEP 3 - PEEL BACK THE ADHESIVE PAD

STEP 4 - SECURE IN A SUITABLE LOCATION

Once installed take a short 5 minute drive then call 0161 429 6705 and we will ensure it is operating correctly and associate your registration.

Office hours Mon-Fri 0900-1700
